

## USER STORIES:

### User Profile & Courses

1. As a student, I want to create a profile with my name, major, and enrolled courses so that I can connect with classmates in the same classes.
  2. As a student, I want to update or delete my profile so that my information stays current.
  3. As a student, I want to list the courses I'm enrolled in so that I can find study partners from those classes.
- 

### Searching & Matching

4. As a student, I want to search for other students enrolled in the same course so that I can find potential study partners.
  5. As a student, I want the app to suggest classmates with similar availability so that it's easier to schedule sessions.
  6. As a student, I want to see suggested matches ranked by common classes and time availability so that I can choose the best fit.
- 

### Scheduling & Availability

7. As a student, I want to add or remove time slots when I'm available so that others know when I can study.
  8. As a student, I want to schedule a study session with one or more classmates so that we can meet at a convenient time.
  9. As a student, I want to confirm or decline a session request so that scheduling is clear.
  10. As a student, I want to receive a notification (or at least a clear status update in the app) when a study session is confirmed so that I know the plan is set.
-

## Nice-to-Have / Stretch Goals

11. As a student, I want to filter study partners by course, availability, or location preference so that I can narrow down choices.
  12. As a student, I want to leave feedback or a rating after a study session so that others know who is reliable.
  13. As a student, I want to integrate my study schedule with a calendar (Google/Outlook) so that I don't double-book myself.
- 

## SPRINT PLANS

Sprint 1: Creating profiles and searching for courses.

Sprint 2: Creating availability and managing sessions

Sprint 3: scheduling sessions + confirmation
